

Eligible Exterior Home Repair Projects

Driveway Replacement

Existing concrete or asphalt driveways must be removed entirely and replaced with concrete or asphalt. A permit to perform this work is required by the South Euclid Building Department. Partial replacement, sealcoating, eliminating depressions, and repairing cracks are not eligible.

Garage Replacement

Existing garages must be replaced entirely. If a garage does not exist, a new foundation and structure must be constructed. A permit to perform this work is required from the South Euclid Building Department. Replacing existing roofs, siding, doors, and gutters are not eligible for funding.

Painting

The entire house, including but not limited to awnings, trim, and garages, must be painted. Partial painting is not eligible for funding.

Roof Replacement

The entire house roof must be replaced. Asphalt shingles, metal, and slate roofs are eligible for funding. A permit to perform this work is required by the South Euclid Building Department. Partial house roof replacement, garage roofs, gutters, and downspouts are not eligible for funding.

Sidewalk Replacement

Only sidewalk blocks located in the public right-of-way are eligible for funding. A permit to perform this work is required by the South Euclid Building Department.

Siding Replacement

All house and garage siding must be replaced. Vinyl, aluminum, and wood siding are eligible for funding. A permit to perform this work is required by the South Euclid Building Department. Partial siding replacement is not eligible for funding.

Step Unit Replacement

Step unit(s) must be replaced entirely. Brick, sandstone, composite, and wood step units are eligible for funding. A permit to perform the work is required by the South Euclid Building Department. Tuck-pointing and general repairs are not eligible for funding. Prefabricated step units are not eligible for funding unless they're replaced with a brick, sandstone, composite or wood step unit.
